MEI Now Offers E-versions of the *Core Curriculum for the Dialysis Technician*, 6th edition

Madison, Wisconsin— The new *Core Curriculum for the Dialysis Technician* is now available as an eBook for Kindle or iBook. As with any eBook, the document is fully searchable, and citations in the text link to references. Both the eBook and print copy can be purchased from www.mei.org/cc6. The cost of the eBook is \$27.99; or \$35 for the soft-cover print copy.

The *Core Curriculum for the Dialysis Technician* is the most widely used training resource for patient care technicians. The 6th edition is in full-color and includes up-to-date infection control information, sections on ultrafiltration rates and organ stunning, a new Emergency Planning module, expanded content on professionalism, technician jobs, and peritoneal dialysis.

About MEI: Founded in 1993, MEI is a national 501(c)(3) public charity dedicated to *helping people with chronic diseases learn to manage and improve their health*. At MEI, we focus on CKD, and fulfill our mission by developing evidence-based education to empower patients, families, and health professionals; advocating for patient-centered policies; and doing research. MEI is funded through corporate sponsorships, fee-for-service contracts, product sales, and donations. Make a tax-deductible contribution through MEI's website: www.mei.org.
